

## Materials

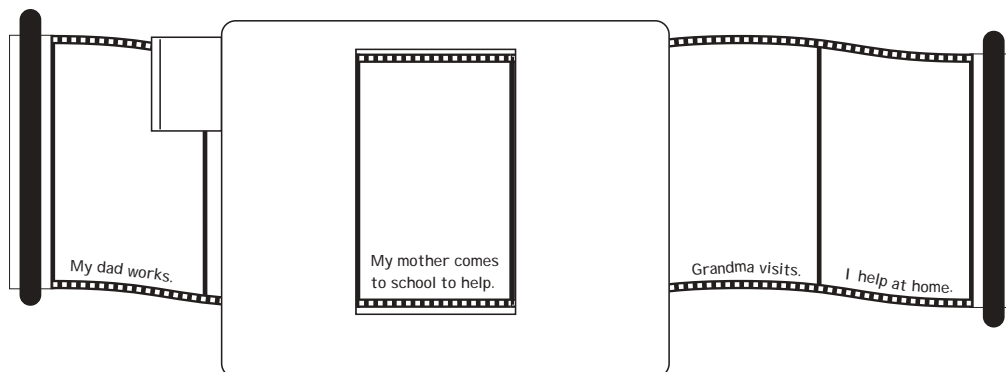

- *Making a Community Work* BLM 2
- *Making a Community Work* BLM 3 (2 copies per child)
- scissors, tape, two small flat sticks

## Directions

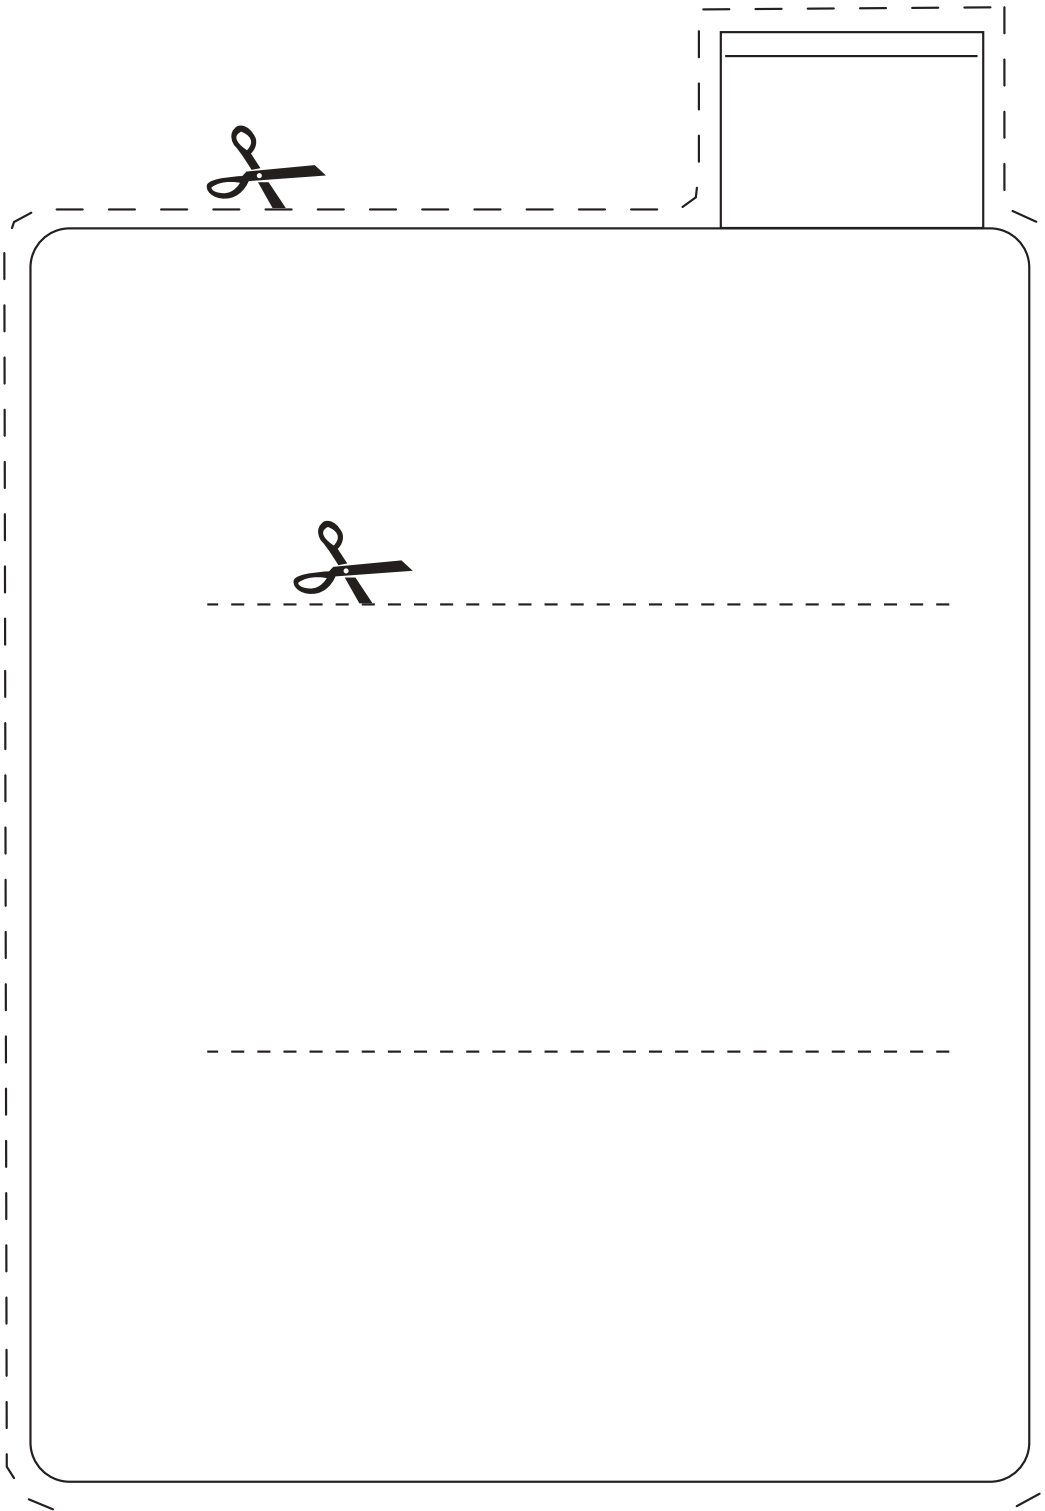

1. Cut out the camera on BLM 2. Cut out both copies of the videotape from BLM 3.
2. Cut slits in the camera on BLM 2 where shown.
3. Draw pictures and write sentences on each section of the videotapes.
4. Insert the videotape through the slits in the camera. Put tape on the tabs on both ends of the videotapes; tape the end of one videotape to the end of the other to make one long videotape. Then tape the sticks to the tabs at the ends so that the videotape scrolls and does not come out.

## Language Activity

Children draw and write about members of their family (including themselves!), telling how they help their community.
