

**Materials**

- 9" x 12" construction paper, various colors; two sheets for each child
- glue, crayons
- drawing paper

**Directions**

1. Fold up one edge of each sheet of construction paper, approximately 1".
2. Fold over top of construction paper and tuck it inside the flap, like a matchbook.
3. Write the titles *Things That Absorb* and *Things That Do Not Absorb* on the covers as shown.

**Language Activity**

Draw pictures of things that “soak it up” (absorb) and things that do not absorb and glue them in the appropriate matchbook.
